

ICTV Summer Program For Young Teens

Iredell County Television is absolutely thrilled to unveil our inaugural summer program for the vibrant teenagers of Iredell County. This thoughtfully designed project aims to inspire our county's young minds to harness the power of digital technology, paving their way towards entrepreneurship. We are truly appreciative of this opportunity to contribute to their growth and development. Our program will be running for 5 hours a day, from Monday to Thursday, starting on June 10th and culminating on August 2nd. On August 2, 2024, ICTV will conclude our 8-week program by presenting a short documentary produced by the talented teenagers in the program. The location for the presentation is yet to be determined.

Iredell County is missing a summer camp for teens that focuses on teaching technology and entrepreneurship. Iredell County Television has the opportunity to fill this niche. While there are many programs in Iredell County geared towards teens, our program aims to assist young adults in leveraging the technology available to them for financial gain. By having these teens work on a documentary project as a summer camp, they will have the opportunity to learn various skills, including budgeting, scheduling, production, and event planning that will stay with them for the remainder of their lives. If you would like more information about our summer program, please contact ICTV President Shawn Eckles at 704-450-0214.
